

Meet the United Way Staff

It's our pleasure to work with hundreds of volunteers that make the United Way a successful organization. If you have questions, concerns, suggestions, or news from your company that you want to share - - during campaign or throughout the year - - please give us a call at 296-7525 (or email: unitedway@teamunitedway.org). In our small office we share many duties and all of us will work to make sure your needs are met.
